PLATTFORM22 | 7TH MAY – 26TH JUNE 2022

For the sixteenth time this year, Plattform provides an insight into the work of emerging Swiss artists. The exhibition shows new works of twelve selected BA and MA students who graduated from a Swiss art school last summer, enabling a broad public to discover new contemporary art. The exhibition has taken place in changing regions since 2016 and is hosted by a different institution.

"Plattform22" is taking place from May 7th to June 26th, 2022 at the Kunsthalle Palazzo in Liestal and shows new works by Alexandra Shéhérazade Salem, Andrea Fortmann, Dianita, Elin Gonzalez, Gerome Gadiant, Jonas Van Holanda, Lorenzo Lunghi, Lourenço Soares, Mariana Tilly, Michael Ray-Von, Nicolas Ponce and Rhoda Davids Abel.
