

press release: glitching code

07.10 - 05.11.2022

“within glitch feminism, glitch is celebrated as a vehicle of refusal, a strategy of nonperformance”

Legacy Russell

one gee in fog is pleased to announce the opening of glitching code, a collective exhibition with the participation of different artists around the notion of glitch. where errors can take place, experimenting with topics of gender, knowledge and identity. the diverse practice range from installation to video and tackle performativity within an increasingly polarized social and political context, where non-performance, sex, drugs can become political strategies of resistance.

an exhibition with the works of
ashkan sepahvand
zander porter
valentina parati
aun helden
hugo hectus

opening with a performance by aun helden, a reading by ashkan sepahvand and a dj set by argile agile.

the exhibition is open by appointment.

production	daniel tostes with rémy ugarte vallejos
graphic design	benjamin huerta
frames and mounting	jpp
photography	alیزée quinche

with the support of ville de genève, fondation leenards and fonds culturel sud artlink.

one gee in fog is an artist-run-space located at rue de vermont 12 in the city of geneva and is supported by prohelvetia and loterie romande.
